

SMSC in MFL	
At Bank View, we aim to develop SMSC through MFL by:	
 <p>Spiritual</p>	<p>Students are taught to accept and embrace other languages and cultures through the teaching of MFL. In relation to this, students are educated on the religious beliefs of the people in countries of the language they are learning. Students are encouraged to be empathetic to the cultures, beliefs and traditions of others and stereotypes are challenged where necessary.</p>
 <p>Moral</p>	<p>Students are encouraged to show empathy and understanding to others. Stereotypes and intolerance are challenged through the teaching of language and culture.</p>
 <p>Social</p>	<p>Students are encouraged to use the target language in classwork, whether through pair work, co-operative learning techniques or group work. Students are encouraged to experiment with language and learn from their mistake.</p>
 <p>Cultural</p>	<p>Cultural development and cultural awareness are fundamental in language learning. At all stages of MFL teaching and learning, cultural development is at the forefront of our success criteria. Exploration of language and culture is key to language learning, whether through lessons or school trips. Students are encouraged to embrace 'difference' at all stages of their linguistic development and accept ideas which may be 'alien' to them, as culturally significant. Students are encouraged to discuss and challenge stereotypes.</p>
