

Bank View is a special school for students with a range of special educational needs, which can include ASD, ADHD, and complex learning difficulties. We are based over 3 sites in Liverpool; Fazakerley, Croxteth and Speke. We are a successful school looking to appoint a number of dynamic, outstanding SEN secondary teachers to teach in different subject areas. The posts will be based at our Speke site, which is increasing to 120 students on roll in September 2024.

In 2019 OFSTED rated us outstanding in all areas. 'This is a happy school. There is genuine warmth between the pupils and staff. Relationships are strong, and staff know each pupil exceptionally well'. The school has the National Autistic Society's charter mark.

The successful candidates will be energetic, creative and highly motivated teachers, with the skills and knowledge to adapt the secondary national curriculum to meet the needs of our students. They will have excellent subject knowledge and the ability to form strong, positive relationships with students and staff. Bank View is part of the HEARTS project which seeks to achieve better outcomes for our students and their families and enhance the lives of communities across Liverpool. As a school we are passionate about working with other professionals to address the critical issues of attachment and trauma for the benefit of our whole learning community..

Experience of working within in an SEN setting is desirable but not essential.

Subject specialisms in English, mathematics, humanities, computing and PE would be an advantage.

The successful candidates will also be expected to implement strategies within the school in support of the school's development plan.

We would welcome visits from prospective candidates. Please email Nicolene Adams n.adams@bankview.liverpool.sch.uk to arrange a time to visit.
