Science	Computing
---------	-----------

Our year 10 GCSE students will continue their GCSE preparation and will be completing mock exams over the summer term with Mr Bonner. Our year 10 entry level class will be working towards their qualifications. They will be completing their physics coursework and exam during their summer term. We will then begin to look at the necessary requirements for year 11.	Learners will be working on completing their Word processing unit of work. They will learn how to use Microsoft Word tools to create and edit a range of documents to meet different needs. They will use templates and add different information types to documents. This unit forms part of their IT User Skill pathway qualification with WJEC.

KS3 Science - BBC Bitesize Science activities (stem.org.uk) Home WowScience - Science games and activities for kids	If you have access to Microsoft Word your child will benefit from practicing skills and experimenting with formatting tools.

Design Technology		Pshe
<p>There are two options:</p> <ul style="list-style-type: none"> • Food and nutrition • Resistant materials 		<p>Addressing extremism and radicalisation Communities, belonging and challenging extremism</p>
Food studies	Resistant materials	<p>Work experience Preparation for and evaluation of work experience and readiness for work</p>
<p>GCSE Food Preparation & Nutrition The aim of this this terms work is to allow the pupils to gain valuable life skills such as meal preparation, shopping for food on a budget, keeping a hygienic kitchen. The pupils will take a more in-depth look into Food commodities & build on knowledge from previous years. Pupils will become more independent when using the Equipment in the Food Technology room. Students will have a better understanding of Nutrition in action. Pupils will be able to respond to a brief & carry out research in magazines, Internet & text books on a Food topic. This will give them the skills moving forward with the second year of the course & completing the Assessments in Year 11. Please see the following link for the Course Specification GCSE Specification Template (edugas.co.uk)</p>	<p>Students will be studying units based on the following areas: • Health and Safety in the Workshop • Designing a Product • Planning for Product Manufacture • Manufacturing a Product. This is a WJEC entry level course.</p>	<p><i>You can help your child by</i></p> <p>barclayslifeskills.com Growing Careers for positive change (transform-our-world.org) Careers - BBC Bitesize</p>
